The applicant is a large public entity and political subdivision of the State of California. The applicant has more than 4,000 employees and 62,000 students under its jurisdiction. Consequently, the applicant is engaged in a considerable amount of litigation. Since 1990, there have been a handful of administrative agency decisions concluding that the applicant engaged in discrimination against an individual employee. There have been no similar court decisions.

Administrative actions against the District (e.g., Department of Education's Office of Civil Rights; Equal Employment Opportunity Commission) are not logged in a fashion which would enable the District to identify a particular proceeding or dispute. Consequently, the information you are requesting cannot be provided. However, none of the very few administrative determinations have involved KALW or its employees.

RE: Environmental Assessment - RF Exposure Statement

You may answer **NO** to the environmental question (Form 303-S, Section II, Question 6) AND include the following statement in support of the response:

"Based on consultation with Hammett and Edison, Inc., FCC Consulting Engineers on 07/16/1997, I have determined that the operation of our facilities will not have a significant environmental impact as defined by Section 1.1307, which includes consideration of the exposure of workers or the general public to levels of RF radiation exceeding identified guidelines as issued by ANSI. I have examined the Commission's environmental requirements in 47 Condensed Federal Register Section 1.1307 and OST Bulletin #65 dated October, 1985."

Please file this memo with your work sheets for 1997 license renewal for possible future reference.

Thank You

FILING INSTRUCTIONS

Broadcast station licensees are required to afford equal opportunity to all qualified persons and to refrain from discriminating in employment and related benefits on the basis of race, color, national origin, and sex. See Section 73.2080 of the Commission's Rules. Pursuant to these requirements, a license renewal applicant who employs five or more full-time station employees must file a report of its activities to ensure equal employment opportunity for women and minority groups (that is, Blacks not of Hispanic origin, Asians or Pacific Islanders, American Indians or Alaskan Natives, and Hispanics). If minority group representation in the available labor force is less than five percent (in the aggregate), equal employment opportunity (EEO) program information for minority group members need not be filed. However, EEO program information must be filed for women since they comprise a significant percentage of virtually all area labor forces. If an applicant employs fewer than five full-time employees, no equal employment opportunity activity information need be filed.

A copy of this report must be kept in the station's public file. These actions are required to obtain license renewal. Failure to meet these requirements may result in license renewal being delayed or denied. These requirements are contained in Section 73.2080 of the FCC Rules (47 CFR 73.2080), and are authorized by the Communications Act of 1934, as amended.

☐ If your station employs fewer than five full-time employees, check the box at left, complete the certification below, return the form to the FCC, and place a copy in your station's public file. You do not have to complete the rest of the form.

If your station employs five or more full-time employees, you must complete all of this form and follow all instructions.

☐ If minority group representation in the available labor force is less than 5 percent (in the aggregate) and you choose not to file EEO program information for minority groups, check the box at left and complete the rest of this form with only the information for your program directed towards women.

- A. By licensee, if an individual;
- B. By a partner, if a partnership (general partner, if a limited partnership);
- C. By an officer, if a corporation or an association; or

Accordingly, every effort should be made to provide all necessary information. Your response is required to obtain the requested authority.

Public reporting burden for this collection of information is estimated to average 3 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. THE FOREGOING NOTICE IS REQUIRED BY THE PRIVACY ACT OF 1974, P.L. 93-579, DECEMBER 31, 1974, 5 U.S.C. 552a(e)(3) AND THE PAPERWORK REDUCTION ACT OF 1980, P.L. 96-511, DECEMBER 11, 1980, 44 U.S.C. 3507.

The purpose of this document is to remind broadcast station licensees of their equal employment opportunity responsibilities and to provide the licensee, the FCC and the public with information about whether the station is meeting these requirements.

GENERAL POLICY

A broadcast station must provide equal employment opportunity to all qualified individuals without regard to their race, color, religion, national origin or sex in all personnel actions including recruitment, evaluation, selection, promotion, compensation, training and termination.

A broadcast station must also encourage applications from qualified minorities and women for hiring and promotion to all types of jobs at the station.

I. RESPONSIBILITY FOR IMPLEMENTATION

A broadcast station must assign a particular official overall responsibility for equal employment opportunity at the station. That official's name and title are:

NAME JEFFREY RAMIREZ

TITLE GENERAL MANAGER

It is also the responsibility of all persons at a broadcast station making employment decisions with respect to recruitment, evaluation, selection, promotion, compensation, training and termination of employees to ensure that no person is discriminated against in employment because of race, color, religion, national origin or sex.

II. POLICY DISSEMINATION

A broadcast station must make effective efforts to make management, staff, and prospective employees aware that it offers equal employment opportunity. The Commission considers the efforts listed below to be generally effective. Indicate each practice that your station follows. You also may list any other efforts that you have undertaken.

☒ Notices are posted informing applicants and employees that the station is an Equal Opportunity Employer and that they have the right to notify an appropriate local, State, or Federal agency if they believe they have been the victims of discrimination.

☒ Our station's employment application form contains a notice informing prospective employees that discrimination because of race, color, religion, national origin or sex is prohibited and that they may notify the appropriate local, State, or Federal agency if they believe they have been the victims of discrimination.

☒ We seek the cooperation of the unions represented at the station to help implement our EEO program and all union contracts contain a nondiscrimination clause.

☐ Other (specify)

III. RECRUITMENT

A broadcast station must make efforts to attract qualified minority and women applicants for all types of jobs at the station whenever vacancies occur.

Indicate each practice that your station follows and, where appropriate, list sources and numbers of referrals.

☒ When we place employment advertisements with media some of such advertisements are placed with media which have significant circulation or viewership, or are of particular interest to minorities and women in the recruitment area. Examples of media utilized during the past 12 months and the number of minority and/or women referrals are:

KALW GENERAL MANAGER/CURRENT NEWSPAPER

Number of Referrals

<u>7</u>	<u>6</u>

- ☐ Recruit prospective employees from educational institutions, including area schools and colleges with minority and women enrollments. Educational institutions contacted for recruitment purposes during the past 12 months and the number of minority and/or women referrals are:

IV. JOB HIRES

A broadcast station must consider applicants for job openings on a nondiscriminatory basis. Further, to assure that qualified minorities and women are given due consideration for available positions, it must make efforts to encourage them to apply for job openings.

VI. AVAILABLE LABOR FORCE

A broadcast station must evaluate its employment profile and job turnover against the availability of minorities and women in the relevant labor market. The FCC will use labor force data for the MSA in which your station is located, or county data if the station is not located in an MSA, to evaluate your station's equal employment efforts. If you use these data in your evaluation, you need not submit them to the FCC.

This section is optional:

As an alternative to MSA or county labor force data, you may use other data that more accurately reflect the percentages of women and minorities in the labor force available to your station.
